Priorita' strategiche della Banca Mondiale

- **Paesi piu' poveri** (*IDA e enfasi su: lotta contro la fame, produttivita' agricola e sviluppo delle infrastrutture: energia, acqua, trasporti, informazione*)
- **Stati fragili e post conflict** (*Priorita': Ricostruzione!*)
- **Paesi a medio reddito** (*Motore dello sviluppo*)
- **Risoluzione di problematiche globali** (*Cambiamenti climatici, Controllo grandi malattie, Sistema finanziario internazionale, Sistema commerciale multilaterale*)
- **Fornitura di servizi di "knowledge and learning"** (*Banca della conoscenza*)
- **Medio Oriente e Nord Africa**

I principali strumenti d'intervento della Banca Mondiale

Investment Lending:

Attività di finanziamento di beni, lavori e servizi a supporto di progetti specifici di sviluppo economico e sociale in un ampio ventaglio di settori. Sono erogati, sotto forma di prestito IBRD o credito/grant IDA a paesi in via di sviluppo o in transizione sulla base di un progetto identificato e preparato dal paese richiedente.

Vi sono diversi tipi di investment loans:

- Adaptable program loan (APL)
- Emergency recovery loan
- Specific investment loan
- Technical assistance loan

Development Policy Operations:

Supporto diretto al budget di governi per l'attuazione di riforme volte al raggiungimento di determinati obiettivi di sviluppo

Caratteristiche del finanziamento:

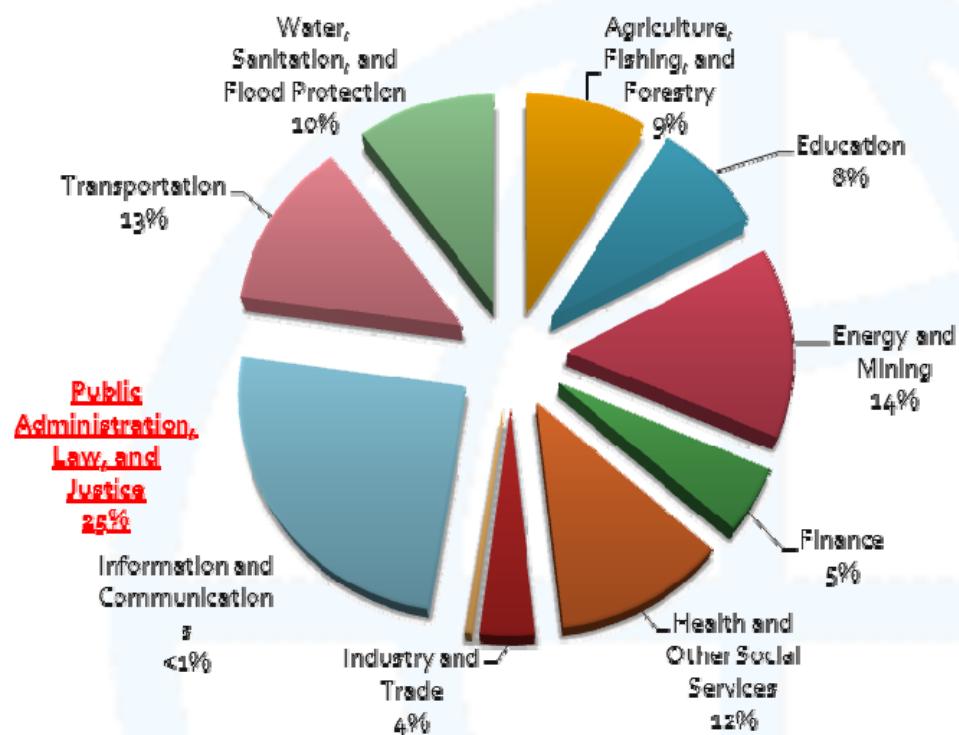

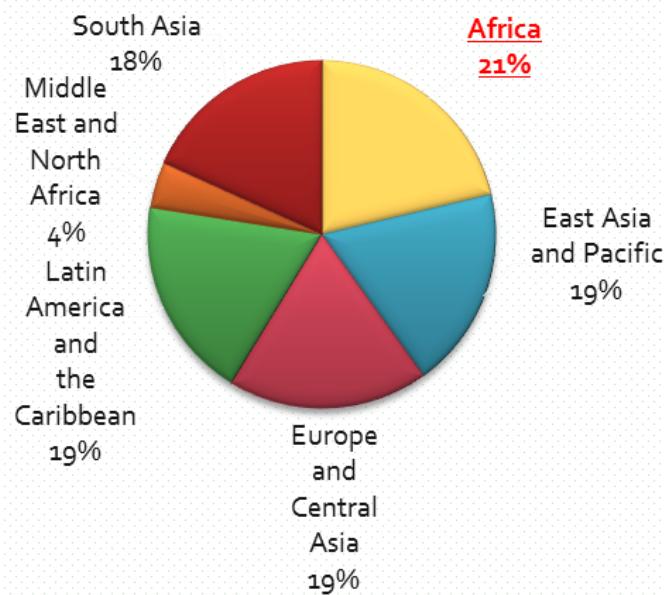

- Varia molto a secondo del paese (es. se paese IBRD o IDA)
- Solo paesi low and middle-income
- Una media di 50 basis points sul libor
- Durata variabile (anche oltre 12 anni)

Contesto regionale: La crescita dei Paesi africani si scontra con limitate riforme strutturali e una modesta creazione di posti di lavoro. Mancanza di sicurezza e conflitti in alcune aree aggiungono ulteriori difficoltà.

Priorita' strategiche

Governance e settore pubblico

- Citizen's feedback (es. Kenya Cash Transfer for Orphans, Vulnerable Children Project)
- Esempio di supporto alla riorganizzazione: Revisione Ministero delle Finanze della Sierra Leone, secondo una basic public finance management capacity e il rafforzamento della Commissione per l'anticorruzione

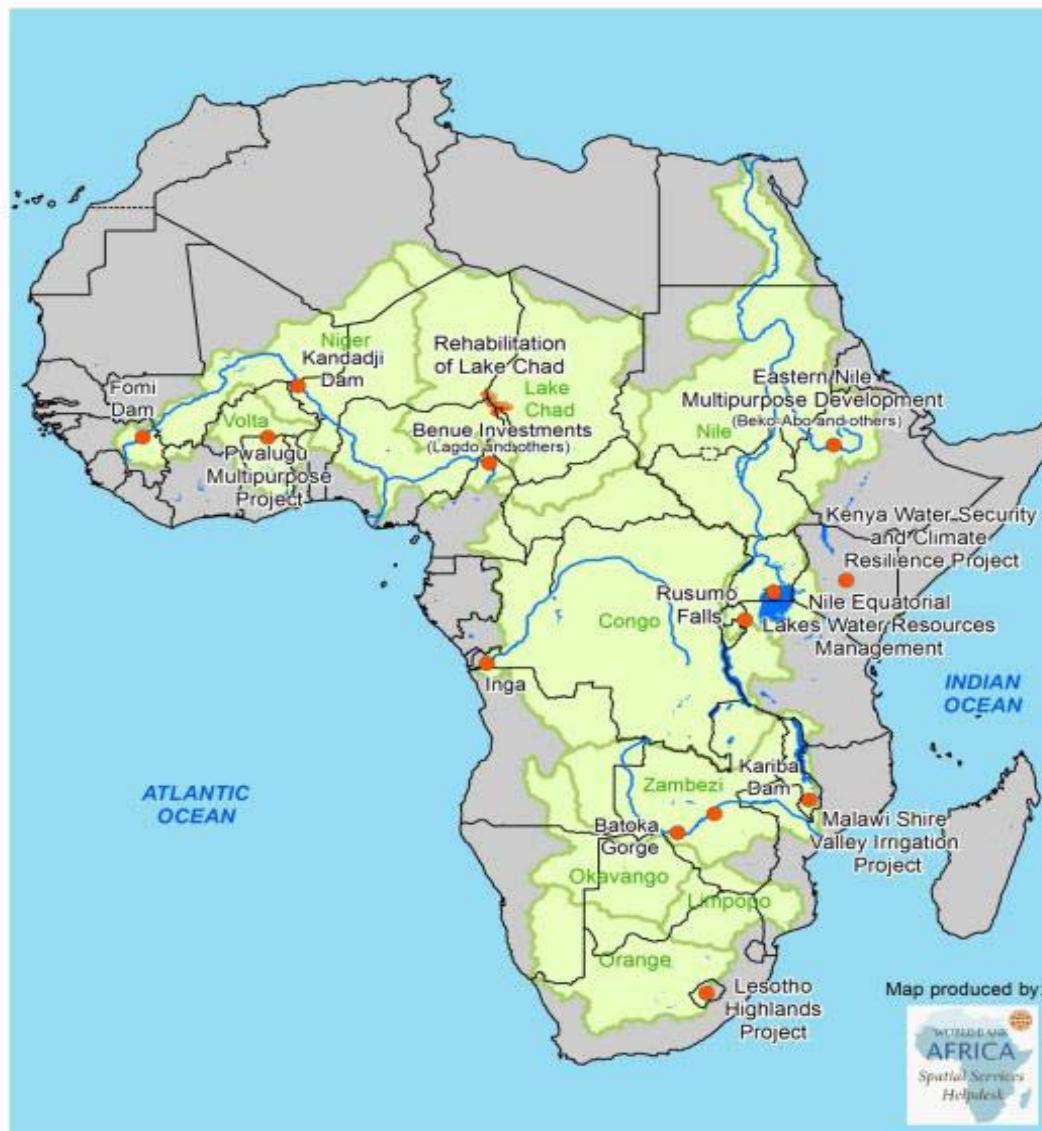

Competitività'

- Settore agricolo: 0,9 miliardi per finanziamenti
- Infrastrutture: Corridoi di trasporto, trade facilitation, ICT, energia (1,4 milioni di persone hanno avuto accesso all'elettricità), acqua
- Sanità, Nutrizione, Formazione, Women's Economic Empowerment e servizi alla popolazione

Reducing Vulnerability and Increasing Resilience

- Massiccio aumento risorse per la lotta contro i cambiamenti climatici (+1,88 miliardi in tre anni). Meteorologia, Sistemi di Early Warning.
- Prevenzione delle siccità (più di 1 miliardo nel solo 2012)

La Banca Mondiale in Africa: Opportunita' in energia, acqua, agricoltura e dry lands

La Banca Mondiale in Africa: Alcuni esempi di successo

- In **Burundi**, the Bank's results-based financing program is helping to improve **child and maternal health**. In a single year, (from June 30, 2010 to June 20, 2011), the proportion of births at health facilities rose 25 percent, the proportion of women receiving antenatal care rose more than 20 percent, and the number of fully vaccinated children rose more than 10 percent. **More than 1.6 million men, women, and children have benefited from the program.**
- Average **farm incomes** in **Malawi** rose **60 percent**, and 1.5 million people achieved food security through horticulture diversification projects that increased crop yields by as much as 75 percent in 11 targeted districts. As a result of the Irrigation, Rural Livelihoods, and Agricultural Development Project, yields rose from 1.6 tons to 2.8 tons per hectare for maize and from 1.0 tons to 1.6 tons per hectare for rice between 2006 and 2011.
- In **Niger**, during the decade 2001–11, 541,000 people living in cities gained access to **piped water**, which is now supplied continuously throughout the service area and no longer rationed. Over the past five years, water losses decreased from 20 percent to 15 percent, and bill collection improved from 79 percent to 97 percent. As a result of the Niger Water Project, **120,000 people also gained access to improved sanitation.**

La Banca Mondiale in Middle East and North Africa (MENA): Esempi di successo

- ❖ In **Egypt**, the Enhancing Access to Finance for Micro and Small Enterprises investment loan has provided credit since April 2011 to more than 4,000 small and medium-size enterprises, including about 1,000 owned by women entrepreneurs. The project also removed the ceilings on the interest rate microfinance institutions, and NGOs can now charge end beneficiaries.
- ❖ In **Morocco**, the Second National Program of Rural Roads helped raise the country's Rural Road Accessibility Index from 50 percent in 2005 to 70 percent in 2010. The project benefited 1.9 million rural people.
- ❖ In the Republic of **Yemen**, the Secondary Education Development and Girls Access Program has increased the gender parity index of secondary education in the selected districts from 0.42 to 0.61. As of May 2012, the project had trained some 30,000 teachers, 90 female staff in 50 secondary schools have been contracted, and civil works programs have been initiated in 44 schools.

Giza North Power Project

The objective of the Giza North Power Project for Egypt is to contribute to improving the security and efficiency of electricity supply in a sustainable manner. There are three components to the project, the first component being Giza north power plant. The components include the following: (i) four 250 MW gas turbines; (ii) two 250 MW steam turbines; (iii) four heat recovery steam generators (HRSG); (iv) water systems including cooling water, condensate system (deaerator, condenser, etc.), feedwater heaters, service water and waste water treatment; and (v) electrical system including transformers and switchyard. The second component is the technical assistance. This component includes the following: a) support for promotion of private sector investment in electricity generation, including for the process of selecting private developer for the Independent Power Producer (IPP) at Dairut ; (b) development of a power sector strategy for the power sector for the next 7-10 years, focusing on attracting additional private investment (beyond the Dairut IPP) and associated tariff and other policies to facilitate efficient financing of investment needs (US\$ 200,000); and (c) support for promotion of energy efficiency (US\$ 200,000). Finally, the third component is the project financing.

Dove trovare i bandi

PUBBLICAZIONE DEI BANDI

- www.dgmarket.com

The screenshot shows the dgMarket homepage. At the top, there's a search bar with a dropdown menu for 'Search by' (Category, Keyword, Location) and a 'Search' button. Below the search bar, there are three large thumbnail images: a stack of bananas, a construction site at night, and a factory interior. To the right of these images is the text 'The official source of indices on World Bank tenders'. Below the thumbnails, there's a 'Log In' section with fields for 'Email' and 'Password', and a 'Forgot your password?' link. A sidebar on the left lists various categories with their respective counts: Agriculture & Food (7180), Info & Communications (13195), Mining (677), Public Sector (875), Road & Railways (869), Transport (242), Trade (10402), Urban Development (977), and Water (493). A note at the bottom says 'Do you want to publish your tender on dgMarket? Click here.'

- www.devbusiness.com

The screenshot shows the United Nations Development Business Online homepage. At the top, it says 'United Nations Development Business Online' and 'Tuesday, March 15, 2011'. There's a banner with a photo of a man working on a computer. To the right, there's a 'Subscriber Log In' form with fields for 'Username' and 'Password', and a 'Forgot your password?' link. Below the log in, there's a 'Subscribe to the UNDB' button. The main content area features a blue background with white text. It includes a heading 'The single best source for consulting, contracting, and export opportunities worldwide' and a list of links: 'About UN Development Business', 'Business Directory Online', 'Preview the Site', 'Subscription Information', 'Q&A', 'Publications & Resources', 'Resources for Borrowers (template)', and 'Contact us'. On the left, there's a sidebar with the text 'Contact us by e-mail, telephone, or fax'. At the bottom, it says 'Copyright© 2011 United Nations'.

Il ciclo del progetto: opportunita' per la fornitura di beni

Tempistica

a) Il periodo di **preparazione**, dalla fase di "pipeline" all'approvazione, puo' durare fino a 2 anni

Opportunita' solo di consulenze
(design del progetto, studi di fattibilita')

b) Il **credito** ha una in media una durata di 5-10 anni, a partire dalla data di approvazione del Cda della Banca

- entro sei mesi dall'approvazione escono solitamente i bandi (GPN).
- gran parte delle gare per la fornitura di beni avvengono nei primi 24 mesi

Suggerimenti pratici

- 1. Controllare che il progetto sia ancora attivo e/o non bloccato**
- 2. Essere informati circa il paese, il progetto, leggi e costumi locali, concorrenza, pratiche doganali**
- 3. Analisi dei documenti informativi disponibili per:**
 - * verificare che siano previsti acquisti del proprio prodotto;
 - * verificare che la gara preveda l'accesso a fornitori internazionali;
 - * poter anticipare la pubblicazione di una gara;
 - * identificazione del TTL (Task Team Leader);
- 4. Identificare partner locali e possibilita' di collaborazione**
- 5. Rispondere adeguatamente alle specifiche tecniche richieste**
- 6. Contattare l'Implementing Agency per ogni bisogno di chiarimento**
